7. PRINCIPLES FOR 21ST CENTURY SCHOOLS

- a. Derek showed and discussed examples of 21st century classroom trends such as flexible classroom spaces which rely on movable furniture arrangement. Spatial arrangement of rooms can be more than just four walls. Discussed other opportunities such as interstitial spaces as teaching and learning opportunities i.e.. corridors, large break out spaces, outdoor learning opportunities. What does a Classroom look like? How does outside Partnerships enhance these teaching environments? How to ensure design supports and welcomes all students and provides a framework for cultural support and their learning success. Some spaces discussed:
 - i. Stem Labs
 - ii. Green Schools
 - iii. Maker Spaces
 - iv. Media Labs
 - v. Teacher Collaboration Spaces (Whole "Educational Family" Support)
- b. Derek reminder, our goal is to support the district's Vision and Goals.

8. REFLECTIONS ON 21ST CENTURY SCHOOLS

- a. Likes: Partnerships, Focus on Health and Well Being, Parent Centers, *"Being on the Divide is about Caring about the Divide"*.
- b. Dislikes: Concern about pedagogy difference between new and veteran staff. How do the principles and visions get shared between the teaching generations?
